GAUTIER'S HERB CANDY.

GAUTIER'S HERB CANDY,

For Coughs, Colds, Bronchitis, Asthma, etc.

This INVALUABLE CANDY has the extraordinary property of immediately relieving coughs, colds, hourseness, difficulty of breathing, bronchitis, asthma, and husskiness of the throat. It operates by dissolving the congealed phiegm, consequently causing a free expectoration.

Those who are troubled with that unpleasant tickling in the throat, which deprives them of rest night after night, by the incessant cough which it provokes, will, by using this Candy, find immediate relief.

The subscriber, in presenting this Candy to public notice, wishes to be expressly understood that he does not claim for it any mirrorulous carring properties, nor does he present it with a long string of certificates of recommendation, as he considers these altogether needless.

This Candy is composed of six simple ingredicuts, principally of herbs, which are known to be very efficacious in the cure of diseases resulting from colds, and some of which, being rather nauseous in their natural state, would deter many from resorting to them; but, when made into a candy, become palntable, without losing any of their valuable properties.

It has been prepared at the suggestion of one of our most eminent physicians, and has been used by many of his and my personal friends with signal success, and at whose carnest solicitation I have been induced to enter most eminent physicians, and has been used by many of his and my personal friends with signal success, and at whose carnest solicitation I have been induced to enter argely into its manufacture, assured by him and them that when generally known and tried it will supersede all the various cough candles and mixtures now in use.

As for myself, I am confident, from the ingredients of which it is composed, that, should it not effect an entire cure, it can do no injury even to the most delicate in health, and therefore have no hestiancy in introducing it to the citizens of Washington and vicinity.

SUCH A MASS OF HOME TESTIMONY MUST CARRY CONVICTION TO EVERY MIND.

BAITMORE, Sep. 18, 1851.

Messrs. Mortimer & Mowbray—Gentlemen: The cure of Mr. Robert Gault, by the use of three bottles of Hampton's Vegetable Tincture, as per his certificate, is, I think, almost unprecedented. His case of extremely exeruciating suffering, from Chronie Inflammatory Rheumatism, came immediately under my own observation, through the last four years, which I considered entirely hopeless. Through my earnest persussion, he was induced to try your invaluable Tincture. I was prompted to remark at the time, that if medicine would cure Mr. Gault, it certainly would "remove mountains." The knowledge of this miraculous cure compels me to consider it a duty I owe to the afflicted (and particularly to those with complaints like his to make generally known the healing power of this truly wonderful medicine. Yours, most respectfully, JAMES P. MERRITT,

Washington, August 1, 1851.

CIR: After consulting many persons interested in the principal Railroads in the United States, the undersigned propose to establish agencies in this city and in New York, for the purpose of cellecting full and authentic Railroad statistics and such other information as will enable them to serve persons desiring to invest in Railroad statistics and such other information as will enable them to serve persons desiring to invest in Railroad scautities, or to procure information of any matters connected with the construction and administration of Railroads. They also propose, especially, to urge upon Congress a modification of the laws relating to contracts for carrying the mail, so as to authorize the Post Office Department to contract for the perpetual use of Railroads, and, instead of paying, as now, quarterly on contracts for four years, to advance in five per cent. bonds of the United States, chargeable upon the revenues of the Post Office Department, an amount, the interest upon which at 6 per cent. would equal the payments now made.

The Government now pays \$300 per mile for sarrying the mail on first-class Railroads. This is 6 per cent. on \$5,000. The undersigned would urge that, instead of paying \$300 a mile, per annum, the Department should deliver, on a contract in perpetuity, five \$1,000 bonds, bearing an interest of five per centum. At this rate the charge upon the Department would be reduced from \$300 to \$250 a mile, per annum, which will, in a few years, pay off the bonds, and give the use of such roads forever thereafter tree of all charge; thereby effecting a vast saving on the present annual expensitures of the Post Office Department, and a consequent reduction of the rates of postage.

The effect will be no less advantageous to Railroad companies than to the Government. For instance, such a contract would give to the Baltimore and Ohio Railroad companies the business and profits.
